Organizer : Sustainable Development and Social Responsibility Development Office.

## QS World University Rankings 2026

# QS World University Rankings 2026 : NYCU Ranks 199th Globally, Entering the Top 200 for the First Time!

On June 19, 2025, Quacquarelli Symonds (QS), the renowned British higher education analytics organization, released the **2026 QS World University Rankings**. Taiwan had three universities ranked within the top 200 globally, marking a significant improvement compared to the previous year. In addition to National Taiwan University ranking 63rd globally, National Tsing Hua University (176th) and **National Yang Ming Chiao Tung University (NYCU, 199th)** were also featured prominently. Notably, this marks the first time NYCU has broken into the global top 200, signaling promising future development.

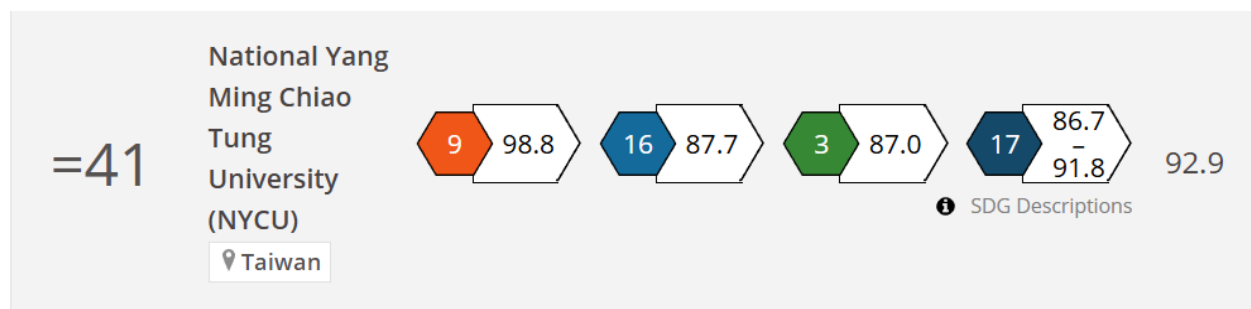

In the 2026 QS rankings, NYCU significantly improved across all evaluated indicators, increasing its overall score from 43.9 to 55.7 points—an impressive growth of 11.8 points. Among these indicators, "Sustainability" showed the most substantial improvement, rising by 35.3 points, demonstrating NYCU's outstanding achievements in sustainable development and governance. Additionally, notable enhancements were observed in "Citations per Faculty" and "Employment Outcomes," with increases of 19.1 and 17.5 points, respectively. These achievements highlight the university's growing international reputation in research impact and the career performance of its graduates.

## THE Impact Rankings 2025

# THE Impact Rankings 2025 : NYCU Achieves Best-Ever Result with a Global Ranking of 41st!

On June 18, 2025, Times Higher Education (THE), a prestigious British higher education institution, released its **2025 University Impact Rankings**. National Yang Ming Chiao Tung University (NYCU) achieved an outstanding **global ranking of 41st**, marking its highest ranking ever. This achievement not only secures the university' s position in the global top 100 for three consecutive years but also highlights NYCU' s excellence in driving sustainable development and expanding its global influence.

A total of 2,318 universities worldwide participated in this year' s rankings. NYCU participated in 11 Sustainable Development Goals (SDGs), **seven of which ranked within the global top 100**, demonstrating exceptional achievements in interdisciplinary integration, sustainable governance, and social engagement. The detailed rankings for NYCU are as follows :

- SDG 16 : Peace, Justice and Strong Institutions — 10th globally
- SDG 3 : Good Health and Well-being — 20th globally
- SDG 2 : Zero Hunger — 22nd globally
- SDG 7 : Affordable and Clean Energy — 27th globally
- SDG 11 : Sustainable Cities and Communities — 39th globally
- SDG 9 : Industry, Innovation and Infrastructure — 41st globally
- SDG 12 : Responsible Consumption and Production — 65th globally

## U.S. News 2025-2026 Best Global Universities Rankings

# U.S. News 2025-2026 Best Global Universities Rankings : NYCU Ranks 625th Globally!

On June 17, 2025, U.S. News & World Report announced its **2025-2026 Best Global Universities Rankings**. National Yang Ming Chiao Tung University (NYCU) **ranked 625th globally**, 178th in Asia, and 5th within Taiwan. This year, NYCU was ranked in 25 subjects, with 11 subjects showing improvement compared to last year. The university achieved the top national ranking in "Cardiac and Cardiovascular Systems" and "Optics," while "Endocrinology and Metabolism" entered the rankings for the first time.

## NYCU AR App

# NYCU AR App : New Interactive Features and Expanded Campus Tours, Take You on an In-Depth Journey Through Campus Culture!

National Yang Ming Chiao Tung University (NYCU) continues to advance its smart campus initiative with significant updates to the [NYCU AR Campus Tour App](#). Last semester, the app introduced a fun and educational new feature: "Campus Cultural Journey – Yang Ying-Feng Sculpture Personality Test Chatbot". Alongside this, the app has expanded its guide points and introduced new recommended routes across all campuses, allowing users to deeply explore NYCU' s diverse and rich campus culture through technological interaction.

The "Sculpture Personality Test Chatbot" combines artistic exploration with interactive psychological quizzes. Through guided dialogues with a chatbot, users can interact with sculptures by renowned artist Yang Ying-Feng. This feature not only provides information about the campus' s public artworks but also delivers personalized personality analyses based on the user's choices, enriching the campus exploration experience.

This update also extends guided tour services to all NYCU campuses, including Yangming, Guangfu, Boai, Lanyang, Tainan, and Qingpu campuses, with comprehensive updates of guide points and multimedia content. Several new recommended routes are also available, allowing users to select itineraries based on personal interests and enjoy a relaxed exploration of each campus. The NYCU AR App remains committed to integrating technology with campus resources, providing an interactive, educational tour experience. The university will continue optimizing app content, enabling more users to explore NYCU's history, humanities, and innovation through their smartphones.

## NYCU SDG Tracker

# NYCU SDG Tracker : A Key Platform for Measuring NYCU' s Sustainable Development Progress and Promoting a Sustainable Campus!

To facilitate the creation of a sustainable campus and enhance the transparency and evidence-based application of sustainability data, the Institutional Research and Data Analytics Center at NYCU has established the "NYCU SDG Tracker". This platform aligns with the 17 United Nations Sustainable Development Goals (SDGs) and serves as a crucial tool for evaluating NYCU's progress toward sustainability.

## 2025 NYCU SDGs Academic Poster Competition

# 【2025 NYCU SDGs Academic Poster Competition】 is Now Open!

### Purpose of the Competition :

This competition aims to encourage NYCU students to connect their professional expertise with global sustainability issues, exploring the contributions and implications of their academic research and practical innovations within the framework of the United Nations Sustainable Development Goals (SDGs). Through presentations of their work, students are motivated to focus on international trends, broaden their global perspectives, and deepen their understanding and practice of the connection between local actions and international sustainable development.

### Eligibility and Submission Requirements :

Individual participants or teams of up to five members may submit ongoing, unpublished projects, or previously published academic research papers (published between 2022 and 2025). The submitted work must be clearly connected to one or more of the SDGs.

### Competition Details :

- Eligible Participants : Current NYCU students.
- Submission Deadline : **From now until Sunday, August 17, 2025.**
- Awards : The highest prize is up to NTD 20,000.
- Additional Information : Please refer to the [detailed guidelines](#) provided.
